Helpful Hints on Hair Health Scalp and Hair Troubles Generally Caused by Carelessness

Dandruff is a contagious disease caused by a microbe which also produces baldness. Never use a comb or brush belonging to some one else. No matter how cleanly the owner may be, these articles may be infected with microbes, which will infect your scalp. It is far easier to catch hair microbes than it is to get rid of them, and a single stroke of an infected comb or brush may well lead to baldness. Never try on anybody else's hat. Many a hat-hair is a resting place for microbes.

If you happen to be troubled with dandruff, itching scalp, falling hair or baldness, I have a remedy which I believe will completely relieve these troubles. I am so sure of this that I offer it to you with the understanding that it will cost you nothing for the trial if it does not produce the results I claim. This remedy is called Rexall "93" Hair Tonic. I honestly believe it to be the most scientific remedy for scalp and hair troubles, and I know of nothing else that equals it for effectiveness, because of the results it has produced in thousands of cases.

Rexall "93" Hair Tonic is devised to banish dandruff, restore natural color when it has been brought about by disease, and make the hair naturally silky, soft and glossy. It does this because it stimulates the hair follicles, destroys the germ matter, and brings about a free, healthy circulation of blood, which nourish the hair roots, causing them to tighten and grow new hair. I want everybody who has any trouble with hair or scalp to know that Rexall "93" Hair Tonic is the best hair tonic and restorative in existence, and no one should scoff at or doubt this statement until they have put my claims to a fair test, with the understanding that they pay me nothing for the remedy if it does not give full and complete satisfaction in every particular. Two sizes, 50 cents and \$1. Remember you can obtain Rexall Remedies in Maysville only at my store—The Rexall Store. Thos. J. Cbenoweth.

Does not Color the Hair

Ayer's Hair Vigor is composed of Sulphur, Glycerin, Quinin, Sodium Chloride, Capsicum, Sage, Alcohol, Water, Perfume. Show this to your doctor. Ask him if there is a single injurious ingredient. Ask him if he thinks Ayer's Hair Vigor, as made from this formula, is the best preparation you could use for falling hair, or for dandruff. Let him decide. He knows. J. C. AYER COMPANY, Lowell, Mass.

FELL FROM HEAVEN Creating Great Excitement In His Neighborhood

(From The Bloomington, Ind., Daily Telephone)
Mr. Martin Vanwick drove sixteen miles to town this morning to get three bottles of Root Juice. He said: "The remedy has done wonders at my house and everybody in my neighborhood is excited over it. If it had fallen from heaven it could not be any better. I wouldn't take a fortune for what it has done for my wife. Before taking Root Juice she was in bed and everyone thought her case was hopeless. Even water would sour on her stomach and gas would form and press up against her heart so that it would almost stop beating. Her tongue was badly coated and she would complain of a bitter, then a sour taste in her mouth. Sometimes her bowels would be running off and at other times she was badly constipated. The doctors said that her stomach, liver, kidneys and bowels were all badly diseased. When I got the first bottle of Root Juice she was reduced to a mere skeleton, and we feared that she couldn't take it, as no medicine we had tried lately would lay on her stomach, but the first dose of the juice seemed to soothe her stomach and do her good. She has used hardly two bottles, but is now out of bed and is rapidly recovering strength, flesh and health. The number of people that are going to J. Jas. Wood & Son's Drugstore to inquire about the remedy is increasing daily, as so many of those who are using it are praising it very highly to their friends. It is sold for \$1 a bottle or three bottles for \$2.50. Many are buying three bottles at a time in order to save fifty cents.

Miss Fannie Holmes of Newport, who has frequently visited in Mason county, was recently married at Portland, Oregon, to Dr. E. A. Friend of Tacoma, Wash.

Mr. Clarence T. Hilen, son of Mr. and Mrs. Edward Hilen of Washington, former residents of this county, was married recently at Pleasanton, Kansas, to Miss Lo Demis Jones.

Mr. Jesse Calvert yesterday sold his 12 acre farm opposite Judge Roca on the Fleming pike to a Mr. Haney for \$2400. That's going some, isn't it? Mason county land is as good as gold.

Colonel John B. Chenoit and his excellent family will move the 1st of March to his farm, three miles this side of Flemingsburg, where he has just completed a manor house. The departure from our midst of this genial gentleman is to be much regretted.

Free Liver Remedy

It is well to stop a physical ailment at the first signs of its approach, and that is especially true of liver trouble, which can eventually give rise to so many serious complications. Many have liver trouble and imagine it is indigestion, and hence take the wrong remedy.

When the liver does not store up sufficient gastric juices it becomes sluggish, and in this way disturbs the stomach and bowels, with which it is supposed to work in harmony. Then comes the fallow complexion, the flabby face, the dull pain in the forehead, the thinning of the blood, etc. A very quick and sensible way to stop the trouble as well as to cure it is by the use of Dr. Caldwell's Syrup Pepsin, which contains ingredients especially intended to promote the activity of the liver.

Among the many thousands who have written the doctor about the results achieved with his remedy, and who are glad to make the facts public so that others can help themselves, are Mr. Jas. Kennedy, St. Louis, Mo.; Mrs. S. A. La Rue of Smith's Grove, Ky., and many others.

These, like thousands of others, started the use of Syrup Pepsin with a sample. If you will send your name and address you can also obtain a free trial bottle. This will prove to you that liver trouble is promptly cured with this remedy or money will be refunded. Having tried it you can then buy it in the regular way of your druggist at fifty cents and one dollar a bottle, and the latter is sufficient for an entire family.

This remedy is a vast improvement over cathartic tablets and salts, which only do good for the time being. Syrup Pepsin is permanent in its results, is pleasant to take and does not grip. It is especially good for all those who cannot stand a violent purgative.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, 1157 Caldwell building, Monticello, Ill.

BASKET BALL

Lewisburg and Mayslick Teams Play at Latter Place Tomorrow

The Mayslick High School and the Lewisburg Athletic Club will play the second game of a championship series of basket ball tomorrow at Mayslick. The Lewisburg Club was defeated in the first game, though the High School team had to use two Professors who are illegitimate to play on a High School team. This time, however, Lewisburg will try to show them something, Professors and all.

Lewisburg would like to arrange a game with the Maysville High School for next week.

The line-up will probably be:

DOCTOR ADVISED OPERATION

Cured by Lydia E. Pinkham's Vegetable Compound

Galena, Kans.—"A year ago last March I fell, and a few days after there was soreness in my right side. In a short time a bunch came and it bothered me so much at night I could not sleep. It kept growing larger and by fall it was as large as a hen's egg. I could not go to bed without a hot water bottle applied to that side. I had one of the best doctors in Kansas and he told my husband that I would have to be operated on as it was something like a tumor caused by a rupture. I wrote to you for advice and you told me not to get discouraged but to take Lydia E. Pinkham's Vegetable Compound. I did take it and soon the lump in my side broke and passed away."—Mrs. R. R. Huxy, 713 Mineral Ave., Galena, Kans.

Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has proved to be the most successful remedy for curing the worst forms of female ills, including displacements, inflammation, fibroid tumors, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, and nervous prostration. It costs but a trifle to try it, and the result has been worth millions to many suffering women.

If you want special advice write for it to Mrs. Pinkham, Lynn, Mass. It is free and always helpful.

FEDERAL COURT SENSATION

Goes After Grant County Men For Intimidation—12 Indicted By U. S. Grand Jury

A special Grand Jury was convened in Covington yesterday and charged by Federal Judge A. M. J. Cochran.

The Government will attempt to prove that in interfering with shipments of tobacco members of the Barley Society violated the Interstate Commerce Laws.

Twelve tobacco growers of Dry Ridge, Grant county, Ky., were indicted for alleged attempts to interfere with interstate shipments of tobacco by threats of violence against the shipper, W. T. Osborn, on November 26th, 1907.

Among those indicted was John S. Steere, a member of the Legislature. The others, prominent citizens of Grant county, were: Perry Simpson, A. C. Webb, Jerry E. Carter, Hugh Lee Conrad, Fred K. Conrad, R. Lee Conrad, John W. Callender, John Caldwell, William Mulligan, Marion Bennett and Isaac Newton Conrad.

The action is sensational and puts whole night rider business under Government jurisdiction.

The remains of Mr. Jerome Applegate, who died in this city Thursday morning, will be taken to Sardis and buried at that place today.

CURE YOUR KIDNEYS.

Do Not Endanger Life When a Maysville Citizen Shows You the Cure.

Why will people continue to suffer the agonies of kidney complaint, backache, urinary disorders, lameness, headache, languor, why allow themselves to become chronic invalids, when a certain cure is offered them?

Doan's Kidney Pills is the remedy to use, because it gives to the kidneys the help they need to perform their work.

If you have any, even one, of the symptoms of kidney diseases, cure yourself now, before diabetes, dropsy or Bright's disease sets in. Read this Maysville testimony:

Mrs. John T. Wallingford, 108 Commerce street, Maysville, Ky., says: "Doan's Kidney Pills have been used in my family with most beneficial results and it affords me pleasure to corroborate the testimonial we gave for publication in their favor some years ago."

Doan's Kidney Pills brought me great relief and I have no hesitation in again recommending them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

As long as the destiny of the proud State of Kentucky and the purity and decency of our homes rest with such men as "BILLY" KLAIR and Senator COMBS of Lexington, who are the representatives of the worst sporting and political elements of the Blue-grass State and are the acknowledged tools and mouthpieces of the bum whisky element, what are we to hope for?

Women of old Kentucky, arouse yourselves, and in conjunction with all self-respecting men of the Commonwealth work and vote to retire such political cattle and to put representative citizens only in high official and legislative places in Kentucky.

The Lexington Herald well and truly sounds the timely note of warning.

The Herald sees the horrid condition of things political, both at Lexington and Frankfort, and knows that the worst element of Democratic whisky politics is running the Democratic machine. No legislation can be effected as long as COMBS, KLAIR et al control both branches of the General Assembly. Think of it, decent, sober, tax-paying and law-abiding people of old Kentucky: the home of CLAY, BECK, BRECKINRIDGE and ten thousand other able exponents of untrammelled civil liberty.

THE PUBLIC LEDGER is an unqualified advocate of woman school suffrage in Kentucky. If it does not come now it will come within five years, if not sooner. *Decency demands that the decent men and women of Kentucky must work together to free the State from the disgusting and tyrannical thralldom of the Bluegrass sports and bums who are in control and are now running Kentucky as she was never run before.*

Let the pulpits thunder, the press ring out and the women arise, and in all the united might of popular and irresistible public opinion rebuke and forever retire such men as KLAIR and COMBS and ARNETT and their willing confederates who dare, in this enlightened twentieth century, to attempt to throttle public sentiment and all honest and decent measures introduced in the Legislature.

Are there no members of the House and Senate who are able, willing and brave enough to oppose COMBS and KLAIR?

There are other elections coming, and the voice of the people often silences the noise of the professional politician and the demagogues who fatten on hypocrisy.

The handwriting is blazing and standing out high on the wall of prophecy.

Remember, liberty, virtue and decency are all at stake.

THE PUBLIC LEDGER makes the following excerpts from the editorial in Thursday's Lexington Herald concerning the turning down given the delegation of Kentucky women and men by the members of the General Assembly who compose the Committee on Suffrage and Elections. We regret that only our limited space prevents our publishing the entire article:

In all America there could not be found a group of women of nobler character, of broader intellect, of greater culture, of more self-sacrificing spirit for the good of the State in which they live, the future of which is dear to them, the history of which their progenitors helped make, than was gathered in the parlor of the Capitol Hotel Tuesday night.

Yet their plea, backed by the earnest plea of the present Superintendent of Public Instruction, a Republican; by a former Superintendent of Public Instruction, a Democrat; by Dr. McCormack, the President of the State Board of Health; by the Editor of the leading Republican paper of Kentucky, and the Editor of The Herald, which tries to stand for what is best in the State, had no effect on the intelligence or the purpose of the Committee, which is composed of men supposed to represent the whole people of the State.

We have heretofore not been in favor of full suffrage for women. We are now in favor of full suffrage for women. We are ready to fight for it, to fight with those who want it and if need be to fight those who are opposed to it; ready to help educate the rest of the State to share our views and see whether it will not bring about such a change in Kentucky that the real interests of the people are the main consideration of those who hold representative positions, and that appeals can be made to reason instead of only to self-interest.

A word to our friends who are particularly interested in the whisky business. We have never been a Prohibitionist. We are not now a Prohibitionist. We do not believe in sumptuary laws. We do not believe that men can be made either sober or honest by law. If a man insists on going to the devil we have always had a sort of feeling that he might as well be permitted to go his own way, for he would be sure to go anyhow.

We do not want to see Prohibition become the devious question in Kentucky. But our whisky friends are doing everything in their power to make it the devious question and to drive from their support all who are not directly interested in the manufacture or sale of whisky or under their direct control.

We ourselves are strongly in favor of high license, strict regulation and the divorcement of the saloon from politics. But we believe we speak for the vast majority of the people of the State, men and women, Democrats and Republicans, when we say that if it is a question of the supremacy of the saloon, if it is a question as to whether the whisky interests are to be absolutely dominant or to be destroyed, the majority of the people of the State will destroy them; that if other questions must be measured by their effect upon the whisky interests, if those who represent them are indifferent to every other question as measured by it, it is better to have it destroyed than to have the State subservient to such power.

And this word of warning is intended particularly for our friends in Lexington. If a Local Option Election were held in Lexington today a decisive majority of the voters of Lexington, in our opinion, would vote to close the saloons. And we believe this in spite of the fact that we believe a great majority of the voters here share our objection to Prohibition.

MURDER TRIAL

Case of W. H. Ginn Postponed to April at Louisville

The case of W. H. Ginn, charged with the murder of his wife, Mrs. Frances Ginn, on October 1st last at Louisville, was called in the Criminal Court in that city Wednesday and passed until April 20th. It is understood that his plea will be temporary insanity.

The murder of Mrs. Ginn shocked the relatives and friends of the couple in this city. Ginn was said to be jealous of his wife, who was about 25 years old, while Ginn is 42 years old. He shot himself in the mouth after he had killed her, but recovered.

KNIGHTS OF COLUMBUS

Washington's Birthday Entertainment—A Delightful and Instructive Program Promised

Among the objects of the Knights of Columbus are the intellectual advancement of its members by a close study of questions of the day and a fostering of sentiments of patriotism. This twofold object will be the aim of an entertainment to be given by Council No. 1377 at Knights of Columbus Home on Washington's Birthday, Tuesday next, at 8 p. m. Music, vocal and instrumental, mainly of a patriotic strain, as suggested by the day, will enliven the occasion. But the chief feature of the evening will be a lecture. "The Catholic Church and Republican Government," treated from a patriotic viewpoint by the eminent lecturer, Hon. W. A. Byrne of Covington, Ky. Mr. Byrne is no stranger to a Maysville audience, the fame of his success on the platform preceding him. A delightful, instructive evening is assured.

The capacity of the Knights of Columbus Auditorium, in which the entertainment will be held, being limited to five hundred, owing to the large membership, and to the regret of local Council, the general public will not be admitted, but admission will be restricted to members of the Knights of Columbus, their ladies, and to such friends of members who may receive cards.

In keeping with the spirit of the Knights of Columbus this lecture is but one of a series which have and will take place under the auspices of the local Council during the fall and winter months, the first, a delightful "Personal Reminiscence" by our esteemed fellow citizen, Dr. Amos G. Browning, the second was "Nuts: Their Value as Food," the subject being viewed from the standpoint of the vegetarian, by Dr. J. C. Bascom of Dayton, Ohio, a magazine writer of National repute and a most successful figure on the lecture platform; the third, "The Success of Failure," by Hon. Richard Crane of Cincinnati, Ohio.

MANY CONVERSIONS MADE IN CAPITAL OF HOOSIER STATE

The new theory (backed up by his preparation) advanced by L. T. Cooper with regard to the cause of most ill health of the present generation is being soon broadcast by this young man.

Cooper believes that the human stomach has become degenerate in civilized races, and claims that good health is impossible unless the stomach is re-vitalized. This he claims to do with his preparation.

An article from The Indianapolis Star during Cooper's stay in that city has this to say of Cooper and his preparation: "Residents of this city are being astounded by L. T. Cooper and his new preparation."

"Reports that preceded Mr. Cooper's visit here told of his success in other localities, but the immense success of his medicine and the general belief in his theory was wholly unprecedented."

"So great is the rush of the public to this young man that people stand in line waiting their turn for hours in an effort to see him. The most interesting feature of this is statements made by reliable citizens as to the actual accomplishments of Cooper's medicine. Among recent statements of this character the following from J. L. Turk, living at 915 Locust street, Vincennes, Ind., is a fair example:

"Mr. Turk is well known throughout the Ohio and Mississippi valleys. He is now 68 years of age, and claims his general health is

better than for some time past. He says:

"For several years I have suffered from stomach trouble. I was in a badly weakened and run-down condition. After eating I would bloat and be in pain and distress for several hours. An all-gone feeling would come over me, and I had no energy nor ambition whatever. This condition continued for a long time, although I took treatment from several good physicians, and tried a number of patent medicines, without relief."

"On reading of Mr. Cooper's theory I became convinced that he was right, so I procured several bottles of his New Discovery preparation in order to test his claims. It afforded prompt relief, and when I had, taken three bottles my trouble had disappeared and I was feeling like a different man. To make my restoration sure, I took two more bottles of the New Discovery. It has now been several months since I stopped taking the Cooper medicine, and I have experienced no pain or distress in that time, although I eat everything I wish."

"The medicine also relieved me of chronic constipation and piles, the latter having bothered me for twenty years. Cooper's New Discovery is a wonderful preparation and I recommend it to anyone suffering from stomach trouble."

Let us explain Mr. Cooper's remarkable medicine to you if your general health is not all that it should be.—Thos. J. Chenoweth.

European Hair Schools

In Berlin, Paris, Vienna and other European cities there are now regular schools where the scientific care of the hair is made a special study and the teachers in these schools become so skilled in the knowledge of hair that they can tell merely by the touch whether it is in a healthy condition or not. They also know the effects of different tonics on different hair or different restoratives on the same hair. It is thoroughly established that dyes are harmful to the hair. All preparations claiming to restore gray hair are subjected to the most rigid tests. If found in the least degree harmful the public is informed through official bulletins issued from time to time. In America there is no such censorship, and many preparations claiming to restore gray hair are only temporary dyes that do not go to the root of the trouble, which is impoverishment of the hair glands. HAY'S HAIR HEALTH in this country is recognized as the standard restorative for prematurely gray hair. All good druggists sell it at 50c, and a dollar per bottle, or it can be purchased from the manufacturer, Philo Specialties Co., Newark, N. J., U. S. A.
